- Understanding of safety regulations and willingness to follow them
- Excellent communication and problem solving skills
- Light Assembly
- Assist in PM of equipment.
- Assist in mold cleaning and PM

What else you will do:

- Participate in continuous improvement meetings
- Active participant in APQP Team meetings.
-

About you:

- A minimum of three years of applicable Injection Molding work experience.

About us:

Our team will fully support you to do your best work.

We are humble but fiercely ambitious people who take immense pride in what we do. We work in a culture built on teamwork, optimism, and continuous improvement. The heart of Champion is made of integrity, respect and compassion, guiding our decisions and actions.

We believe in diversity and equal opportunity.

We believe that in building diversity we build strength. We encourage all to apply, and we do not discriminate on the basis of race, religion, color, national origin, gender, sexual orientation, age, marital status, or disability status.
